INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1941 edition of the Newport City Directory.

Confidence in the growth of Newport's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Newport to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Newport Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 8 to 52 on white paper, presents lists of city, county, state and federal officials; post office information, all city departments, churches with their ministers and church organizations, fraternal and miscellaneous societies; statistical review; historical sketch; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 161 to 502, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Newport, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE beginning opposite page 52 and separately paged from 1 to 24 on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Newport. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Newport, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 53 to 102, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 503 to 616. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section is the designation of tenant-owned homes and the designation of homes and places of business having telephones as given to our enumerators.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Newport.

The Newport Directory Library

Through the courtesy of the publishers of the Newport City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.
Publishers.

City Directory Statistical Review

Libraries: Two with 124,230 volumes.

City Statistics: Total street mileage 95.59 (72.57 hard surfaced); gas consumption 23,115,000 cubic feet per month; water consumption 2,988,439 gallons per day; 68.85 miles of sewer. Domestic refuse municipally collected and disposed of. Five miles of bus system operated. City has high health rate.

Fire Department: One chief engineer, forty-seven permanent and forty call men; twelve motorized pieces in commission; three stations.

Police Department: Sixty permanent, eight reserve, eight pieces of motor equipment; three stations.

Assessed Valuation: $75,719,100.

NEWPORT

Located at the entrance to Narragansett Bay, a spacious body of water. Newport has always been noted for its excellent climate. Cool in summer and never excessively cold in winter, the city attracts a large number of retired business, professional and Army and Navy men who make their permanent home here. In summer it is the mecca for tourists from all sections of the country. It is conveniently reached via bridge from Saunderstown on the mainland to Jamestown and thence by ferry to Newport; by bus from Providence via the Mount Hope Bridge, the largest span in New England; or from Fall River and the Cape Cod territory through Stone Bridge. Excellent roads radiate from the city to the lovely countryside in Middletown, Portsmouth, Tiverton and Little Compton. The absence of factories and mills lends Newport an unusual atmosphere of rural serenity combined with the conveniences of the city.

Ideal living conditions are brought about by other factors besides the climate. There is an excellent public and parochial school system, the city is in the finest financial condition as the excellent rates received on its tax notes indicate, there is a fine water supply, a hospital of the best rating, an absence of crime, splendid churches, the best library facilities, outstanding doctors and other professional men, competent fire and police protection, and every possible facility that makes for a comfortable home and community life.

EARLY HISTORY

Newport in its three centuries of existence has been the scene of many notable events, historical, social and otherwise. In the centuries that have passed, many changes have come. What was at first an outpost of civilization became a thriving commercial port and capital of the colony. Revolution reduced the old town to the condition of a sleepy sea-side place, where its greatest charm was found in its quaint old-time aspect and in the beautiful old houses which had represented the best work of Colonial builders of the middle of the eighteenth century. As these were more and more appreciated, the tide of summer visitors set toward Newport. This tide has never ebbed, but continues in ever greater volume, as Newport's fame spreads farther--its climate and situation coming in for a share in this happy result.

Old Newport was founded in 1639 by the Antinomians and other religious refugees from the Bay Colony. It was an offshoot of a colony founded a year earlier on the northern part of the island and to it flocked Quakers, Moravians, Baptists, Jews for all found at Newport a haven of refuge. In 1640 the two colonies, which then had a population of nearly 1,000, united to form the "Colony of Rhode Island" and in 1647, the colony united with Providence. On June 1, 1784, Newport was incorporated as a city and on March 27, 1787, the city charter was repealed. The City was incorporated for the second time on May 6, 1853 and this charter was accepted May 20, 1853.

From 1739 to 1760, the foundation of Newport's prosperity was laid through the establishment of the "Triangular Trade". The merchants of Newport waxed wealthy, importing molasses from the West Indies, distilling it into rum, which they exchanged in Africa for negroes, which in turn were exchanged in the Barbadoes for more molasses, and so the vicious circle ran on, to the great profit of Newport merchants, until through more molasses, more rum, more negroes, wealth accumulated and with it came fashion, function and ceremony. Before the outbreak of the Revolution, the foreign trade of Newport was greater than that of New York, and the exalted social status of its wealthy citizens was recognized not only throughout the colonies, but in Jamaica and Antigua.

All that busy and prosperous life was cut short by the revolt of the colonies against English rule. During the Revolution, the English and later the French occupied Newport. The British during their occupation greatly injured the town. Nearly a thousand buildings were destroyed, and in order to feed the army, all the cattle and pigs on the island were sacrificed. In order to cook this food, practically every tree, all the great orchards of the early settlers, were cut down and used as firewood. Trinity Church was about the only important building not used as a hospital or barracks because of the crown on its spire.

After the British left the city, the French came in. They were the allies of the revolting colonists and they, too, had to be fed and kept warm. The farmers from the mainland sent what they had left to feed this second army. Delightful legends exist of those distant days when the citizens of Newport entertained their charming French allies; when great men of the Revolutionary Period were their guests; when there were balls and parties, and gay pienics in the fields beyond the town.

And then at the close of the war, time stopped in Newport. The city lay asleep for many years. The long military occupation and the suppression of the slave trade reduced Newport and Rhode Island generally to proverty. The little ships had lay rotting for four years in the harbor during the Revolution, and when the war was at last over, there was small spirit and no wealth left in Newport to send them to sea again. It was not until the early part of the nineteenth century that Newport once more began to entertain strangers. They came from the ends of the earth, quiet people with wealth and taste and an appreciation of the beauty of the old civilization which is Newport's heritage.

They come today to see for themselves the many landmarks which bear testimony to the great past of the city—the Old Stone Mill that carries the glamourous legend that it was built by the Norsemen and is celebrated in the poem by Longfellow "The Skeleton in Armour"; Touro Synagogue and the Redwood Library, among the oldest institutions of their kind in the country; Trinity Church where George Washington attended worship while in Newport; Washington Square, or the Parade, the centre of old Newport, on which are still standing the Old State House, built in 1739, and until recently used as the County Court House, and the old Brick Market, built in 1763; the many old houses built in Colonial times which bring to mind romantic associations. These are but a few landmarks which bring to mind Old Newport and which yearly draw thousands of lovers of antiquity to this city.

MILITARY AND NAVAL BASE

Newport has always been associated with the Navy. At the Naval Torpedo Station there are nearly four thousand men working twenty-four hours a day on the construction of the nation's torpedo supply. The Naval Training Station is the center for training the newly-enlisted men. Gould Island is the base for some of the country's finest aircraft. On Rose Island there are stores of munitions. At Melville is the fuel depot. Torpedo boats and submarines are continually coming to Newport for supplies of torpedoes. In addition, there is Army activity at Fort Adams, where part of the Coast Artillery is based, and where the Officers Reserves and the Citizens Military Training Camps are held in summer. Fort Adams is headquarters for all Army activities at the following forts; Adams, Newport; Church, Little Compton; Getty, Jamestown; Kearney, Saunderstown; Wetherell, Jamestown.

SPORT AND SOCIAL CENTER

The City-by-the-Sea is famed as a social center. Bellevue Avenue and Ocean Drive are lined with the mansions of the wealthy and on each Tuesday during the months of July and August, the gardens of these estates are thrown open to the public for a nominal charge to benefit the Civic League. At the Casino, Bailey's Beach and the Newport Country Club are listed the names of persons prominent in the financial and social world. The Casino Theatre yearly gives six new plays in which many famous Hollywood and Broadway stars have appeared. In August, the annual tennis tournament at the Casino is an event given nation-wide notice, with such great net stars as Bill Tilden, Ellsworth Vines, Donald Budge, Bitsy Grant and many others competing, while the annual golf tournament at the Country Club always has a galaxy of stars entered. Here at the Country Club was held the first national amateur tournament in the country.

The Newport Horticultural Society Flower Show is another event which is largely supported by the summer residents as can be seen by the beautiful and valuable varieties of flowers and plants that are entered from their gardens. Annually the yachting activities of Newport's wealthy attract a great deal of interest. The Astor Cup Races draw hundreds of yacht-minded people, and Newport Harbor is the resting place for all types of yachts from the most elaborate to the smallest during the summer months.

On Labor Day, thousands of visitors flock to see the International Float Parade, New England's Greatest Parade Spectacle. This event with its two divisions, one in which the merchants enter floats in competition, and the other in which the nationalities and organizations vie with one another, brings to a close in true holiday spirit Newport's summer season.

What is a Live Prospect?

He is a man with a lot of questions in his mind. He wants to know Where and What and Who and How and When.

Thousands of live Prospects are looking in directories daily to find out

Where they can buy something?
What they can get for their money?
Whom they can buy it from?
How they can get it?

The time to sell a prospect is when he is alive. Make this book your Salesman to live prospects.

You Use a Directory

To tell you where to go
and how to get there.

The Road to Success is easy to follow if you are consistent in your efforts.

WARD BOUNDARIES

AN ACT

In amendment of Section 12 of Chapter 301 of the General Laws, 1938, entitled "Constitution and Organization of the General Assembly," and in amendment of Section 30 of Chapter 1392 of the Public Laws, January session, 1906, entitled, "An Act to Revise, Consolidate and Amend the Act, entitled, 'An Act Incorporating the City of Newport,' and the several Acts in amendment thereof and in addition thereto, passed April 2, 1875," and of all Acts in amendment thereof and in addition thereto.

It is enacted by the General Assembly as follows:

SECTION 1. Section 12 of chapter 301 of the General Laws, 1938, is hereby amended to read as follows:

Section 12. The city of Newport is hereby divided into four representative districts, bounded and described as follows:

(1) The first representative district shall consist of all that part of said city contained within the following described lines: starting at the point where the Middletown-Newport boundary line intersects the center line of Beacon Street; thence, running in a general westerly direction along the center line of Beacon Street to the point where the center line of Beacon Street intersects the center line of Hillside Avenue; thence, running in a general southerly direction along the center line of Hillside Avenue to the point where the center line of Hillside Avenue intersects the center line of Miantonomi Avenue extended in a general northwesterly direction; thence, running in a general southeasterly direction along the said extended center line and the center line of Miantonomi Avenue to the point where the center line of Miantonomi Avenue intersects the center line of Sagamore Street; thence, running in a general southwesterly direction along the center line of Sagamore Street to the point where the center line of Sagamore Street intersects the center line of Canonicus Avenue extended in a general northwesterly direction; thence, running in a

general southeasterly direction along the said extended center line and the center line of Canonicus Avenue to the point where the center line of Canonicus Avenue continued in a general southeasterly direction intersects the center line of Broadway; thence, running in a general southwesterly direction along the center line of Broadway to the point where the center line of Broadway intersects the center line of Malbone Road extended in a general southeasterly direction, thence, running in a general northwesterly direction along the said extended center line and the center line of Malbone Road to the point where the center line of Malbone Road intersects the center line of Warner Street extended in a general northeasterly direction; thence, running in a general southwesterly direction along the said extended center line and the center line of Warner Street to the point where the center line of Warner Street continued in a general southwesterly direction intersects the center line of Farewell Street; thence, running in a general southeasterly direction along the center line of Farewell Street to the point where the center line of Farewell Street intersects the center line of Thames Street extended in a general northerly direction; thence, running in a general southerly direction along the said extended center line and the center line of Thames Street to the point where the center line of Thames Street intersects the center line of Long Wharf extended in a general easterly direction; thence, running in a general westerly direction along the said extended center line and the center line of Long Wharf to the point where the center line of Long Wharf intersects the harbor line extended North four degrees sixteen minutes and thirty-seven seconds East; thence, running South four degrees sixteen minutes and thirty-seven seconds West along the said extended harbor line to the point where the said extended harbor line intersects the line of mean high water; thence running in a general westerly, southerly, westerly, northwesterly, westerly, northerly, easterly, northerly, westerly, northeasterly, southeasterly and northeasterly direction along the line of mean high water to the point where the line of mean high water in Coddington Cove (so called) intersects the Middletown-Newport boundary line; thence, running in a general southeasterly direction along the Middletown-Newport boundary line to the point where the Middletown-Newport boundary line intersects the center line of Beacon Street, which is the starting point or point of beginning.

This representative district shall also include the Islands known as "Goat Island" and "Coasters Harbor Island."

(2) The second representative district shall consist of all that part of said city contained within the following described lines, starting at the point where the Middletown-Newport boundary line intersects the center line of Beacon Street; thence, running in a general westerly direction along the center line of Beacon Street to the point where the center line of Beacon Street intersects the center line of Hillside Avenue; thence, running in a general southerly direction along the center line of Hillside Avenue to the point where the center line of Hillside Avenue intersects the center line of Miantonomi Avenue extended in a general northwesterly direction; thence, running in a general southeasterly direction along the said extended center line and the center line of Miantonomi Avenue to the point where the center line of Miantonomi Avenue intersects the center line of Sagamore Street; thence, running in a general southwesterly direction along the center line of Sagamore Street to the point where the center line of Sagamore Street intersects the center line of Canonicus Avenue extended in a general northwesterly direction; thence, running in a general southeasterly direction along the said extended center line and the center line of Canonicus Avenue to the point where the center line of Canonicus Avenue continued in a general southeasterly direction intersects the center line of Broadway; thence, running in a general southwesterly direction along the center line of Broadway to the point where the center line of Broadway intersects the center line of Malbone Road extended in a general southeasterly direction; thence, running in a general northwesterly direction along the said extended center line and the center line of Malbone Road to the point where the center line of Malbone Road intersects the center line of Warner Street extended in a general northeasterly direction; thence, running in a general southwesterly direction along the said extended center line and the center line of Warner Street to the point where the center line of Warner Street continued in a general southwesterly direction intersects the center line of Farewell Street; thence running in a general southeasterly direction along the center line of Farewell Street to the point where the center line of Farewell Street intersects the center line of Thames Street extended in a general northerly direction; thence, running in a general southerly direction along the said extended center line and the center line of Thames Street to the point where the center line of Thames Street intersects the center line of Marlborough Street

extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Marlborough Street to the point where the center line of Marlborough Street continued in a general easterly direction intersects the center line of Broadway; thence, running in a general northeasterly direction along the center line of Broadway to the point where the center line of Broadway intersects the center line of Ayrault Street extended in a general northwesterly direction; thence, running in a general southeasterly direction along the said extended center line and the center line of Ayrault Street to the point where the center line of Ayrault Street continued in a general southeasterly direction intersects the center line of Kay Street; thence, running in a general northeasterly and easterly direction along the center line of Kay Street, across Kay Boulevard and continuing along the center line of a proposed street, which is a continuation of Kay Street, to the point where the center line of the said proposed street continued in a general easterly direction intersects the center line of Bliss Mine Road; thence, running in a general northerly direction along the center line of Bliss Mine Road to the point where the center line of Bliss Mine Road intersects the Middletown-Newport boundary line; thence, running in a general northwesterly direction along the Middletown-Newport boundary line to the point where the Middletown-Newport boundary line intersects the center line of Beacon Street, which is the starting point or the point of beginning.

(3) The third representative district shall consist of all that part of said city contained within the following described lines: starting at the point where the Middletown-Newport boundary line intersects the center line of Bliss Mine Road; thence, running in a general southerly direction along the center line of Bliss Mine Road to the point where the center line of Bliss Mine Road intersects the center line of a proposed street, which is a continuation of Kay Street, extended in a general easterly direction; thence, running in a general westerly direction along the said extended center line and the center line of the said proposed street, across Kay Boulevard and continuing in a general westerly and southwesterly direction along the center line of Kay Street to the point where the center line of Kay Street intersects the center line of Ayrault Street extended in a general southeasterly direction; thence, running in a general northwesterly direction along the said extended center line and the center line of Ayrault Street to the point where the center line of Ayrault Street continued in a general northwesterly direction intersects the center line of Broadway; thence, running in a general southwesterly direction along the center line of Broadway to the point where the center line of Broadway intersects the center line of Marlborough Street extended in a general easterly direction; thence, running in a general westerly direction along the said extended center line and the center line of Marlborough Street to the point where the center line of Marlborough Street continued in a general westerly direction intersects the center line of Thames Street; thence, running in a general southerly direction along the center line of Thames Street to the point where the center line of Thames Street intersects the center line of Long Wharf extended in a general easterly direction; thence, running in a general westerly direction along the said extended center line and the center line of Long Wharf to the point where the center line of Long Wharf intersects the harbor line extended North four degrees sixteen minutes and thirty-seven seconds East; thence, running in a general southerly direction along the said extended harbor line and the harbor line to the point where the harbor line intersects the center line of Hammett's Wharf (so called) extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Hammett's Wharf (so called) to the point where the center line of Hammett's Wharf (so called) continued in a general easterly direction intersects the center line of Thames Street; thence, running in a general northerly direction along the center line of Thames Street to the point where the center line of Thames Street intersects the center line of Fair Street extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Fair Street to the point where the center line of Fair Street continued in a general easterly direction intersects the center line of Spring Street; thence, running in a general southerly direction along the center line of Spring Street to the point where the center line of Spring Street intersects the center line of Bowery Street extended in a general westerly direction; thence, running in a general easterly direction along the said extended center line and the center line of Bowery Street, across Bellevue Avenue and along the center line of East Bowery Street to the point where the center line of East Bowery Street

OCT 22 '41

continued in a general easterly direction intersects the center line of Annandale Road; thence, running in a general southerly direction along the center line of Annandale Road to the point where the center line of Annandale Road continued in a general southerly direction intersects the center line of Narragansett Avenue; thence, running in a general easterly direction along the center line of Narragansett Avenue to the point where the center line of Narragansett Avenue continued in a general easterly direction intersects the line of mean high water of the Atlantic Ocean; thence, running in a general northerly and northeasterly direction along the line of mean high water to the point where the line of mean high water of the Atlantic Ocean intersects the Middletown-Newport boundary line; thence, running in a general northwesterly direction along the Middletown-Newport boundary line to the point where the Middletown-Newport boundary line intersects the center line of Bliss Mine Road which is the starting point or the point of beginning.

Financing the Individual ..

whether he is an executive . . a clerk . . or . . a laborer, requires special training and the experience that can only be gained by years spent in helping the individual to solve his financial problems.

Morris Plan has that training and experience plus the willingness and ability to see your side of your financial problem. When you need money . . See Morris Plan First.

The MORRIS PLAN COMPANY of RHODE ISLAND

THIRTY WASHINGTON SQUARE • NEWPORT

We Have Specialized Services..

For instance . . we have a plan under which you may finance the payment of insurance premiums due on policies covering your home, place of business, automobiles or trucks . . a plan that will enable you to have the full coverage you've always wanted.

We also finance automobile purchases and make loans on recent model cars. Our rates are, in all cases, most reasonable.

E. S. Peckham Towboat Co., Inc.

409-411 THAMES STREET
NEWPORT, RHODE ISLAND

Be Modern

use . . . .

CLEERCOAL

IMPORTED

the modern anthracite

The more ***heat units*** you get in coal, the less ash you shovel out of the heater.

Cleercoal is better than 95 per cent. PURE. It actually leaves less than a barrel of ash to the ton.

A single ton will convince you that Cleercoal produces 20 to 30 per cent. more heat per shovelful than any other anthracite.

Make use of our Inspection and Cleaning Service

Our Service Men will show you how to get the best results from your Fuel.

Directory of Householders, Occupants of Office Buildings and Other Business Places

INCLUDING

A Complete Street and Avenue Guide

1941

Copyright, 1941, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them, and with a list of Householders and Places of Business arranged in Numerical Order upon their respective Streets.

The **Streets** are arranged in **alphabetical order** with the location of **Intersecting Streets** clearly shown.

The symbol ◎ following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Places of Business are indicated by bold face numbers and business being given.

Numbers following names indicate floors: preceding names, rooms or suites.

*Indicates Streets accepted; ** indicate part of street accepted.

*Before number indicates house incorrectly numbered.

The 🔔 preceding names denotes householders and places of business having telephones.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Association of North American Directory Publishers

354-360 FOURTH AVENUE **NEW YORK CITY**

NEWPORT

Where Antiquity Joins Hands With Today

Trading center for Newport County . . . 500 smart shops to serve you . . pleasant, capable salespeople . . fresh complete stocks at attractive prices.
